## PROFILE SUMMARY

Dynamic and results-driven web developer, equipped with a strong foundation in Java, HTML, CSS, JavaScript, Bootstrap, MySQL, React is eager to secure a challenging position in a forward-thinking company. Seeking a role where I can apply my expertise in front-end and back-end development to contribute innovative solutions and collaborate with a creative team,

## EMPLOYMENT HISTORY

MAY 2023-PRESENT

### FRESHER, INTERN @TEKS ACADEMY

I have enrolled in Teks Academy to pursue comprehensive training in Java Full Stack Development. This strategic decision aligns with my ambition to gain in- depth knowledge and hands-on experience in the field, setting the stage for a successful and fulfilling career in Java Full Stack Development.

I have cultivated a robust skill set that includes advanced proficiency in MySQL for robust database management, Java for dynamic back- end development, and a comprehensive grasp of front- end technologies, including Bootstrap, JavaScript, React, HTML, and CSS. This holistic expertise enables me to contribute effectively to web development projects, ensuring a seamless integration of back-end and front-end components for optimal user experiences.xperience in the field, setting the stage for a successful and fulfilling career in Java Full Stack Development. ## PROJECT DETAILS

---

1. Crafted with HTML and CSS, "A Simple Static Website" offers an engaging user experience. Featuring dynamic sections like homepage, about us, services, and contact, it emphasizes aesthetic design and intuitive navigation. This project, at 450 characters, showcases my proficiency in web development and dedication to creating impactful online experiences.

2. In my web development journey, I created a Digital Calculator using JavaScript, HTML, and CSS, showcasing my front-end proficiency and interactive design skills. The calculator supports basic arithmetic operations, emphasizing a user-centric approach. With a responsive design and real-time calculations, it reflects my commitment to delivering functional and visually appealing web solutions.

3.I developed a captivating multiplayer Rock, Paper, Scissors game, showcasing proficiency in JavaScript. The three-player setup adds dynamism to the traditional game, fostering friendly competition. Real-time updates enhance user immersion, reflecting my commitment to creating enjoyable and socially interactive digital experiences.
